## ***Message from the Chairman***

Dear Shareholders,

I, Gaurav Kumar, Chairman/Managing Director, heartily welcome you all, having joined Regency Fincorp Limited family with your participation. It is my desire and wish that this association of ours, will strengthen our hands in to reach glorious heights.

It gives me great pleasure to state that the Company witnessed steady progress during the financial year 2021-22 with continued execution of its strategic objectives of sustainable growth and improving efficiencies.

The Indian economy had begun to recover since the second half of FY 2020-21. Thus, FY2021-22 began with an expectation that we would soon see GDP surpass the pre-pandemic level of the financial year 2019-20. The RBI kept its key policy rates including repo rate, reverse repo rate and bank rate unchanged at 4%, 3.35% and 4.25% respectively throughout FY 2021-22.

We have continued to entrench our presence in the existing states and expanded further beyond exploring new territories. We have opened its 3 branches in Punjab during FY 2021-22 and also exploring opportunities in other cities.

I am truly grateful to my fellow Board members for their support and guidance that remained consistent on all fronts. I would like to conclude by thanking my industrious team at Regency Fincorp Limited, our esteemed customers, bankers, channel partners and all the other stakeholders for their unwavering support and we look forward to strengthening our relationship in the future

Yours sincerely,

***Gaurav Kumar***

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9<sup>th</sup> December, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### **1. Industry Structure and Developments:**

The Indian economy had begun to recover since the second half of FY2021. Thus, FY2022 began with an expectation that we would soon see GDP surpass the pre-pandemic level of the financial year 2019-20 (FY2020). That has just about been the case. Despite the recovery, we as a nation have still lost two years of GDP growth.

The second advance estimates of national income for FY2022 released by the Central Statistics Office on 28 February 2022 expect GDP growth in FY2022 to be 8.9%. Sectoral growth estimates show that all three sectors: agriculture, manufacturing, and services grew well. In absolute terms, the economic output of all the three sectors crossed the pre-pandemic levels of FY2020. RBI in its monetary policy report dated 8 April 2022 projected a real GDP growth of 7.2% for the financial year 2022-23 (FY2023). The service sector which accounts for more than half the Indian economy was most impacted on account of the COVID-19 restrictions especially for activities that needed human contact. Although the overall service sector now contributes to 54% of the GDP as against the pre-pandemic levels of 55%, there is a wide dispersion of performance among the different sub-sectors. The financial, real estate and the public administration segments are now well above the pre-pandemic levels. However, contact sensitive segments like travel, trade and hotels are yet to reach the pre-pandemic levels of value added.

Although private consumption expenditure barely crossed the pre-pandemic levels, growth of government consumption expenditure and gross fixed capital formation made up for the muted private consumption expenditure. GST collection is a good indicator to assess country's growth and economic recovery, it increased by over 30% in FY2022 to Rs. 14.83 lakh crore, indicating revival and growth momentum. The Government of India announced a growth oriented and expansionary budget for the FY2023 with a strong

push on investments to lift economic growth. The compounded annual growth rate for capital expenditure of FY2023 over FY2020 is projected at 28% while revenue expenditure is contained at 12%. The budget's expectation is that such capex-led growth would take India on a growth path even at the cost of a fiscal deficit of 6.4% in FY2023, coming on top of 6.8% in FY2022. Unfortunately, the conflict in Ukraine has led to chaos in global commodity markets. Crude prices are oscillating between USD100 to USD120 posing a threat to India's economic recovery. How increased commodity prices will unfold is yet to be seen. What is sure, however, is that there will be a considerable impact on inflation which was already a cause of concern

The RBI introduced its Resolution Framework-2.0 in May 2021 during the outbreak of the deadly second wave which gave impacted and vulnerable borrowers breathing space to meet their repayment obligations. Simultaneously, the RBI maintained adequate liquidity to support its accommodative stance throughout the year. It resorted to rebalancing liquidity on a dynamic basis without compromising systemic liquidity. Moreover, the RBI kept its key policy rates including repo rate, reverse repo rate and bank rate unchanged at 4%, 3.35% and 4.25% respectively throughout FY2022. On balance, we believe that the Indian economy is well positioned to counter the challenges posed by any new waves of the pandemic. The inflation challenge needs to be tackled carefully without resorting to sharp interest rate hikes, as it may dampen the pace of economic recovery. The other serious risk relates to major disruptions in the global supply chains mostly emanating from China; and, more recently, with the Ukraine conflict, from Russia. It is difficult to predict how these will play out. So, we need to be prepared for continuous volatility and external disruptions

NBFCs have become important constituents of the financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs are leveraging their superior understanding of regional dynamics and

customized products and services to expedite financial inclusion in India. Lower transaction costs, quick decision making, customer orientation and prompt service standards have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, they are well-suited to bridge the financing gap in a large country like India. NBFCs have demonstrated agility, innovation, and frugality to provide formal financial services to millions of Indians.

This is an enviable track record despite the business models of the NBFCs being severely tested by four large external events in the last few years, namely, (i) demonetization, (ii) GST implementation, (iii) failure of few large NBFCs, and (iv) the pandemic. The fact that many NBFCs have managed to overcome these stresses without significant impact on financial position is a testimony to their resilience and agility. Given the systemic risks that the sector poses, the RBI issued 'Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs' on 22 October 2021 to make the financial sector sound and resilient while allowing a majority of NBFCs to continue under the regulation-light structure. The objective behind this scale based approach is the principle of proportionality for regulating the non-banking financial companies. The purpose is to calibrate the degree of regulatory prescriptions based on the systemic importance of NBFCs and the contagion risk they pose to other entities in the financial system.

We believe that NBFCs with superior capital adequacy, better margins, frugal cost management, prudent risk management and those incorporating above four key cornerstones in their business models will continue to deliver sustainable growth in the foreseeable future.

## **Annexure - B to the Auditors' Report**

**(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Regency Investments Limited ("the Company") as of 31<sup>st</sup> March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. These Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
